

DATA PROCESSING AGREEMENT

This sample contract is fictional and prepared for document-analysis testing only.

This Data Processing Agreement is concluded between MedStore GmbH ("Controller") and BrightHost Ltd. ("Processor") as of 10 July 2026.

1. Subject Matter

Processor shall host and maintain Controller's customer database, including names, email addresses, order history, support tickets, and health-related product preferences.

2. Processing Instructions

Processor shall process personal data only on documented instructions from Controller unless required by applicable law.

3. Security Measures

Processor shall maintain access controls, encryption in transit, backups, and reasonable monitoring procedures.

4. Personal Data Breaches

If Processor becomes aware of a security incident affecting Controller personal data, Processor may decide whether notification is necessary after completing its internal investigation. No fixed notification deadline applies.

5. Subprocessors

Processor may engage subprocessors for hosting, support, analytics, and maintenance. Processor shall remain responsible for subprocessors used in service delivery.

6. International Transfers

Processor may store support logs and backups in any country selected by Processor, including countries outside the European Economic Area, without entering into standard contractual clauses or applying another transfer mechanism.

7. Deletion and Return

Upon termination, Processor shall delete or return personal data within 180 days unless backup retention or technical limitations require a longer period.
